# Connect

Cohesive Workspace Solution

# Perception of Space

The physical workplace is an embodiment of a company's culture and the people that work within it. The place of work is where individuals and teams thrive, together or alone, to achieve business goals and build community. Thoughtful modularity and pragmatic workplace furniture solutions enable more frequent and less-costly reconfiguration as business, technology, or work processes change

Connect

## Designed to be Functional

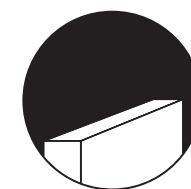

Connect is a furniture collection that seamlessly integrates work surfaces, storage, space division, and a wide range of choices within a broad surface materials palette to make a statement about your brand and work style. Connect works throughout the entire office to respond to changing needs, utilizing panels, desking, benching, and storage options.

# Visually & Functionally Dynamic

The smart, thoughtful options and details available within the Connect series, increase comfort, improve effectiveness, and add visual appeal. Personalize each space to address the different ways that people work

**Open collaborative workspace**  
Connect is true when user needs to have a balance. The user needs to avoid distractions while remaining accessible for collaboration & idea sharing.

**Focused workspace**  
Connect enables to create focused work areas, where privacy and modest acoustical separation is the norm

**Private workspace**  
Higher privacy can also be achieved with Connect, allowing a consistent look across the office, at same time address users individual work needs

# Power Up

With Connect, power accessibility is provided at 3 levels.  
User has greater flexibility to choose as per their requirement.  
Intelligent data cable separators allow easy and clutter free accessibility.

## Top Trim

Easy access to lay-in data and phone cables.

## Above Desktop

For powering everyday personal items, such as a phone, tablet, or laptop.

## Below Desktop

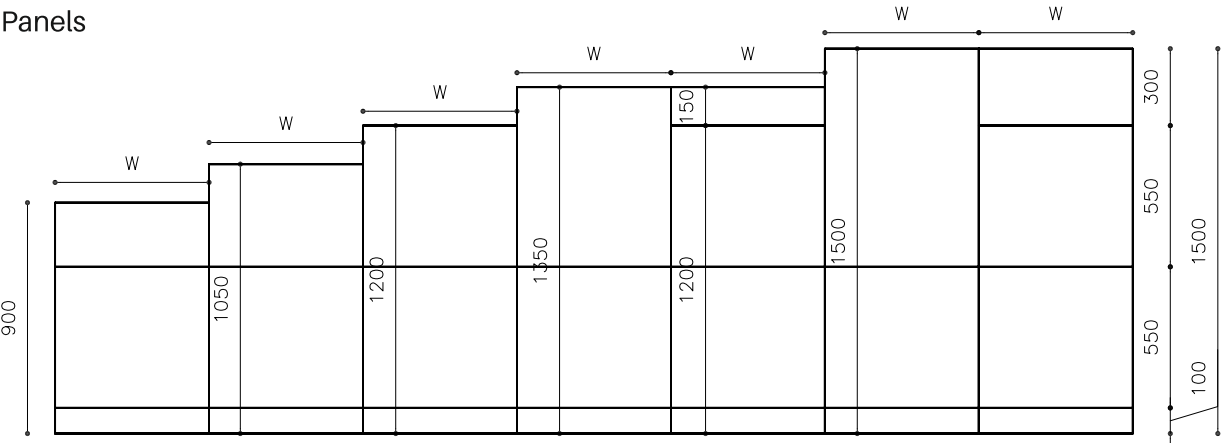

For powering fixed workdesk items, such as a task light or printer.
