Longhouse: Design Story

It works on the principle of post and beam structures. It has a round tube system which allows for custom elevations to be adaptable for solo as well as collaborative working. It is an ideal solution for modern workplaces wherein it encourages for social interactions and enables a smooth flow of the dynamics at the workplaces.

Features

Flexible

Longhouse presents an array of flexible workplace furniture with features of easy expansion and contraction, adapting to the dynamic office structure, and optimizing space functionality.

Future Workplace

The Longhouse series puts forward a wave of utilitarian workplace furniture pieces setting an exemplar of dynamic yet unified future workplaces.

Collaborative

Kokuyo's latest series Longhouse offers a series of simplistic, comfortable, and adjustable pieces of office furniture that seamlessly collaborate together creating versatile workspaces.

Agile

Longhouse demonstrates a sequence of agile workspaces - open floor plans, collaborative arrangements, spaces for privacy and social connections, and ergonomic, configurable furniture - achieving maximum comfort for the users.

Simple to Rearrange

The feature of modularity — simple to rearrange — is primarily focused by Kokuyo's innovative new series Longhouse for lending highly performative, adaptable, and comfortable work environments.

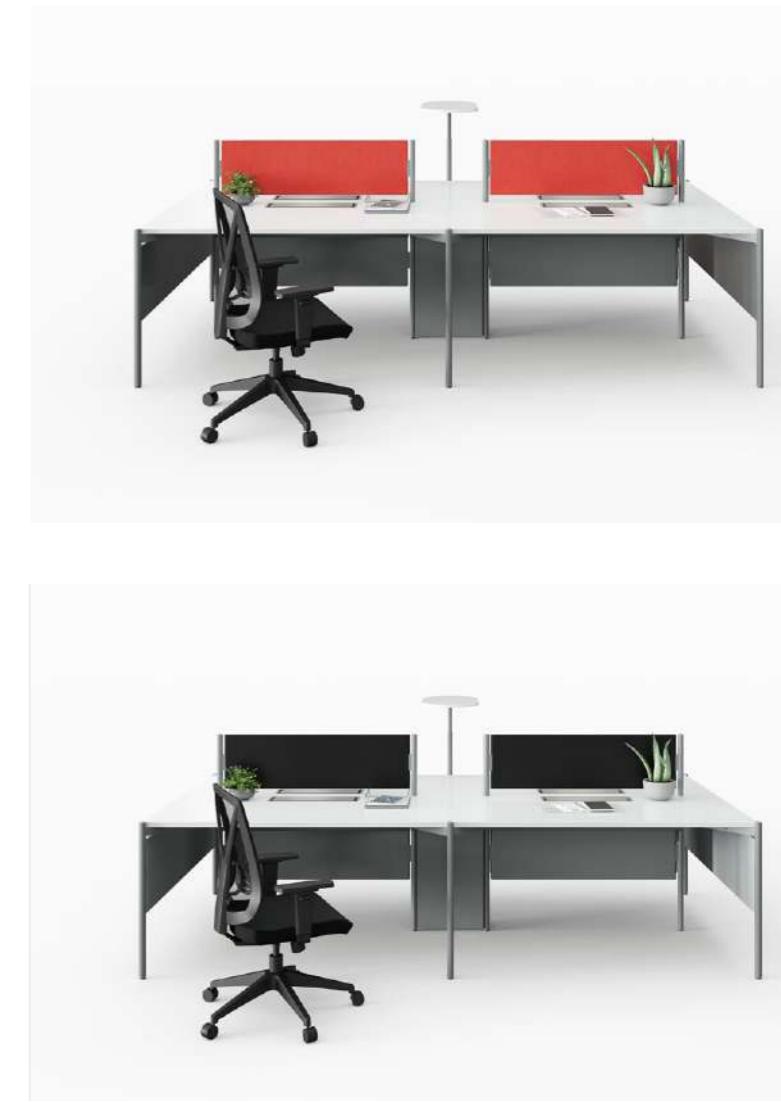

Aesthetic Engineering

Longhouse's 30mm steel-tube offers an adaptive post structure. Posts are inserted into each other to offer height and create surfaces. Longhouse elements such as shelter, screen, surface and structure exist at varying elevations beautifully, ideal for all manner of work.

Exquisite Simplicity

Longhouse is an innovative and high performance work bench collection. Easily expanded, contracted or reconfigured, it adapts to every organizational need, be it aesthetic or space-based.

Space-Defining Screens

Privacy is essential for focus. With multiple types of screens and modesty panels and varied finishes, Longhouse blocks out distractions with ease

All in One Solution

Contemporary workplaces offer opportunities for focused work, team interactions and collaborative brain storming. Through its multitude of applications, Longhouse combines all 3 applications into one impressive combination, allowing for enhanced productivity.

Versatile and Configurable Workplace Community

Endless possibilities are presented with the Longhouse, adapting to space, design and cultures. Successfully empowering companies to create unified workplace communities, it brings together individuals and teams to work at their strongest, maximising productivity and efficiency.

Your Ideal
Multi Solution
