TABLr. [tei-bler]

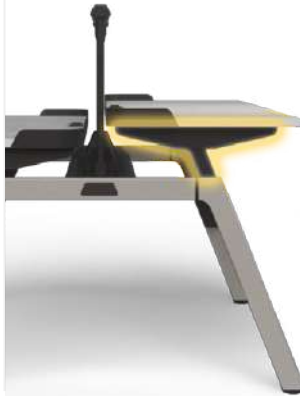

Our journey into pioneering
workplace revolution has just begun.

Tablr. is a work enabler of the times, designed with the worker of today in mind. It is the true evolution of the table from being a piece of furniture to a collaborator and work enabler. It is the table for today, built to evolve for tomorrow along with its users.

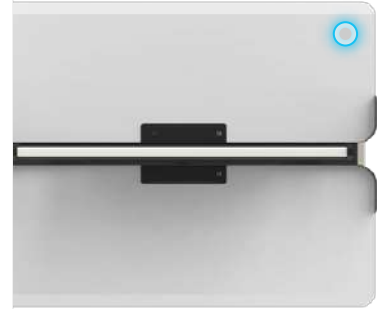

Connect the Dots

Create flexible, fuss-free work neighborhoods with sophisticated daisy chaining systems that seamlessly connect data and power cables.

Find Your Feet

Be your comfortable best with pioneering ergonomic solutions that allow you to adjust the desk elevation best suited to your seated height.

Be in Charge

Never let your devices go out of charge with ingenious in-built wireless charging pods available at each desk system.

Own Your Light

Be your comfortable best with pioneering ergonomic solutions that allow you to adjust the desk elevation best suited to your seated height.

Build It Your Way

Configure permutable modular desk systems easily to fit in agile work neighborhoods.

[Privacy], Made Easy

Privacy screen in your productivity haven helps you focus on work.
